FAXON'S 1891

CATALOGUE

... OR ...

M. B. FAXON,

NO. 21 SOUTH MARKET STREET,

BOSTON, MASS.

# MY SPECIAL INTRODUCTION OFFER

**FOR 1891.**

---

WISHING to show my appreciation of the many orders received last season from my friends and patrons, and also to induce the thousands who now receive my "Catalogue" and "List of Specialties" for the first time, to become regular customers, I make the following special offer:—

 With every order (accompanied by the cash) for One Dollar's worth or more of seeds in packets or ounces, selected from my "Catalogue" or "List of Specialties," I will send without charge one packet of

## **Mrs. Harrison's White House Pansies,**

price of which alone is \$1.00 (full description of these beautiful Pansies will be found in my "List of Specialties.")

---

In order to obtain this packet of Pansy Seed without charge, the following conditions must be strictly followed.

1st. The order sent must be for one dollar's worth or more of seeds in packets or ounces.

2nd. The cash must accompany every order.

3rd. The enclosed Coupon must accompany every order.

# COUPON.

This Coupon is good for one packet of  
**MRS. HARRISON'S WHITE HOUSE PANSIES**

when accompanied with an order for One Dollar's  
worth or more of Seeds in packets or ounches as  
explained on preceding page.

Boston Mass.*

21 SOUTH MARKET STREET.

# M. B. FAXON'S CATALOGUE

OF

## Specialties and Standard Seeds

FOR 1891.

It is once more time for me to hand you my annual Catalogue, and I wish to take this opportunity to thank my friends and customers for the many orders with which I have been favored during the past year. I feel sure my seeds have given satisfaction, as I have received many very flattering reports of crops raised from them. As in the past, the greatest care will be taken to have all seeds of the best quality, and I shall continue in the future, as I have always done, to refuse to fill any orders when I cannot supply seeds the quality of which is satisfactory to me. I hope you will favor me with your orders, which I assure you shall receive my personal attention.

**STANDARD SEEDS.**—I have freed my lists of Vegetables and Flowers from the incumbrance of undesirable sorts, consequently they are much easier to make selections from than longer lists, where poor and worthless varieties are intermingled with the good and valuable. These lists I call *Standard Seeds*.

**FAXON'S SPECIALTIES.**—Under this head are catalogued four varieties of Flower Seeds,—*Asters, Pansies, Sweet Peas, and Nasturtiums*,—and one variety of Vegetable Seeds,—*True Yellow Globe Danvers Onion*. These five seeds are my specialties, which I grow largely for seed and exhibition, and believe my strains of seed of these varieties will compare favorably with any to be obtained.

**MY LIST OF SPECIALTIES.**—This year, besides my annual Catalogue, I send you a list of "My Specialties." This list also includes many desirable varieties of seeds, bulbs, and plants, to which I wish

## Introduction.

---

to call your special attention; some of the sorts are offered this season for the first time, some are old favorites, but all will be needed to make your garden complete. In making up your orders, kindly give this list your careful consideration.

**FRUITS AND FLOWERS.**— I would call particular attention to the fact that having made special arrangements with several of the best nurseries in this country, I can supply my customers with whatever they may need in Fruit and Ornamental Trees and Plants. Send 4 cents in stamps for large illustrated catalogue of Nursery Stock. Send 2 cents in stamps for special catalogue of Hardy Herbaceous Plants, which are now attracting so much attention. I shall take pleasure in corresponding with you.

**SPECIALTIES IN IMPLEMENTS.**— I have gathered together some of the very best implements, to which I call your attention, Shall also keep in stock a full line of small tools,— hoes, rakes, weeders, etc. You will find "The Henderson Lawn Mower" all it is represented.

**TERMS** net cash. All bills on which short credits are allowed are due the first of the month succeeding the date of purchase.

**REMITTANCES.**— Remittances may be made by post-office money-order, bank-draft, registered letter, or, for amounts less than two dollars, in bank-bills at my risk. For fractional parts of a dollar, postage-stamps may be sent.

**SEEDS BY MAIL.**— Seeds can be sent by mail to all parts of the United States at the rate of eight cents for each pound. I send all seeds ordered at ounce or packet prices, FREE. Seeds at pound prices, and Beans, Peas, Corn, Clover Seeds, Roots, etc., I do not send free, as these are quoted at net prices at the store. Purchasers desiring these by mail are requested to remit an additional amount for postage, at the rate of eight cents per pound, or ten cents per quart on Corn, and sixteen cents per quart on Peas and Beans. Particular attention is invited to this, as, when omitted, the amount will be deducted from that received.

*M. B. Faxon,  
Boston Mass.*

# Eaxon's SPEcialties

## Faxon's Specialties.

# ASTERS.

FOR THE PAST SIX YEARS I have given special attention to the cultivation of Asters, and the prizes and gratuities which have been awarded me by the Massachusetts Horticultural Society fully prove to what perfection I have been able to grow this superb annual.

I offer the following varieties (which are the "cream" of the Aster family):

### TRUFFAUT'S PEONY-FLOW. RED PERFECTION ASTER.

Twenty distinct colors in splendid mixture . . .

Per large packet 25 cents.

**VICTORIA ASTER.** Eighteen distinct colors in splendid mixture . . .

Per large packet 25 cents.

**IMBRICATED POMPON ASTER.** Twenty distinct colors in splendid mixture . . . . .

Per large packet 25 cents.

**ROYAL MIXED ASTER.** This mixture includes the above three varieties, and contains twenty-five distinct shades of color; no mixture of Aster seed that has ever been sent out will give better satisfaction. For private gardens this seed is unsurpassed, giving a great variety for a little money . . . . .

Per large packet 25 cents.

**ASTER PLANTS.** Plants of either variety . . . . .

60 cents per dozen; \$4.00 per hundred.

*Orders for Aster Plants should be received as early as possible, as the seed of these Asters is so very expensive that I only grow a few plants beyond those ordered. Plants are ready for delivery in an average season, about May 15th.*

Faxon's Specialties.

---

# PANSIES.

SUPERB PRIZE PANSY.

---

I HAVE GIVEN very particular attention in cultivating Pansies, and the seed now offered is the produce of the very finest varieties.

**SUPERB PRIZE PANSY.** The flowers of this variety are of most rich and brilliant shades, as well as large and heavy, all colors in splendid mixture.

Per packet, 50 cents.

Faxon's Specialties.

---

# SWEET PEAS.

SWEET PEAS.

---

**FAXON'S BOSTON MIXTURE** contains all the best colors, both new and old, in finest mixture.

Pkt., 5 cents; oz., 15 cents; lb., \$1.50.

Faxon's Specialties.

---

# NASTURTIUMS.

**TALL NASTURTIUM** (*Tropaeolum Major*) is a well-known running variety, much used for covering trellises or rustic work.

**Finest Mixed, pkt., 5 cents; oz., 15 cents; 1b., \$1.50.**

**DWARF NASTURTIUM** (*Tropaeolum Minor*) is one of the most useful plants we have, for its compact growth and rich-colored flowers render it an excellent bedding plant.

**Finest Mixed, pkt., 5 cents; oz., 25 cents; 1b., \$2.50.**

**TROPEOLUM LOBBIANUM** is a running species, which may be grown on a trellis or as a dwarf if the ends of the vines are closely pinched off. The flowers are smaller than those of the two preceding species, and of very brilliant colors.

**Finest Mixed, pkt., 10 cents; oz., 40 cents.**

Faxon's Specialties.

THE TRUE DANVERS ONION is large in size, an early and abundant cropper, *very thick bulb* flat or slightly convex bottom, full, oval top, with small neck, and rich, brownish yellow skin. Seed from this type is more sure to bottom well than when grown from Onions having too much depth of bulb or globe-shaped. These tend to stray into thick necks or scullions.

I call special attention to my stock of this seed, and can fully recommend it to market gardeners and private growers as the finest strain in cultivation.

#### True Yellow Globe Danvers Onion . . . . .

Per packet, 5 cents; per ounce, 30 cents; per pound, \$3.00.

 See General Vegetable Seed List for Other Varieties.

<b>Feather Grass</b> ( <i>Stipa pennata</i> ) . . . . .	.05	1.00

**WILD GARDEN SEEDS.**

The introduction of these has proved a most marked success. Any one who has planted and cultivated flowers in neatly laid-out beds is aware of the amount of labor and constant attention necessary to produce the desired effect. To those who cannot give this care, the "Wild Garden" presents a substitute which, for its unusual and varied effects; for cheapness and the small amount of labor necessary for its construction, has no rival. "Wild Garden Seeds" are a mixture of over one hundred varieties of hardy flower seeds. No one who has not seen such a bed can form an idea of its possibilities, the different seasons of bloom insuring something new almost every day. Half-ounce packets, 25 cents.

## Specialties in Implements.

**"HENDERSON"**

CUTTING TERRACES.

THE GRASS BOX.

THE "HENDERSON" LAWN MOWER.

### THE FOLLOWING ARE ITS CHIEF POINTS OF MERIT.

**The Easiest Running.**—In our trials with leading mowers, we proved, by accurate tests, that the "HENDERSON" ran *one-fourth* easier than the lightest of them, and *one-third* easier than most.

**Cuts the Grass Smoother.**—Rapidly speeded, so that the knives strike the grass one-half nearer than other mowers, consequently it does smoother work, leaving the lawn level and velvety.

**The Most Durable.**—The journals are fitted so they can be drawn together with a screw, taking up any wear, and will always cut well and save repairs.

**Cuts High Grass.**—And does perfect work.

**The Most Perfect and Simple.**—One of the greatest points of superiority is the simple manner with which the knives can be adjusted.

**No Clogging.**—It throws all cut grass back, so there is no clogging, and the gears are all enclosed and protected from wear.

**Will not "Bark" Trees.**—A protecting rod allows it to

cut within an inch of trees or posts without danger of "barking."

**The Handsomest** made: finished in red, gold and black.

**Warranted** to give satisfaction, and work as represented, with the privilege of returning any mower that does not do so. All parts are "interchangeable." Any piece can be duplicated.

**"Gathering the Grass."**—As a rule, in this country it is proper to leave the cut grass on the ground, to protect the roots from the sun, and act as a mulch or fertilizer. Yet it is sometimes desirable to gather the grass, as on tennis courts, croquet grounds, etc. We now make all the "HENDERSON" LAWN MOWERS so that a grass-gathering apparatus can be applied to them at any time.

**Terrace Iron.**—By removing the handle of the mower, and hooking the "terrace iron" into the holes just over the *back wooden roller*, the mower works splendidly on terraces sufficiently steep.

### Low Net Prices of the New "Henderson" Lawn Mower.

(Positively no discount allowed from these prices)

10-in. Cut, low net price,	\$6.50	List price,	\$13.00	Grass box, extra,	\$1.75
12 "	7.50	"	15.00	"	2.00
14 "	8.50	"	17.00	"	2.25
16 "	9.50	"	19.00	"	2.50
18 "	10.50	"	21.00	"	2.75
20 "	11.50	"	23.00	"	3.00

Terrace Iron, extra, 25 cents.

We include, without charge, with every "HENDERSON" MOWER, an oil can filled with best machine oil. No charge for packing or shipping. The "10-inch" is adapted only for small areas, such as courts and door-yards; 12 and 14 in. for lawns of about 1-16 acre; 16 and 18 in. for lawns of about  $\frac{1}{8}$  acre; 20 in. for lawns over  $\frac{1}{8}$  acre.

## Specialties in Implements.

# THE CHAMPION REVERSIBLE LAWN RAKE.

I WOULD call the attention of my customers to the various and excellent qualities of the Champion Lawn Rake. The old style of rake has never given satisfaction, the operator being constantly annoyed by the teeth clogging and their sharp points digging into the grass, and often, especially upon new lawns, digging the sod. The Champion overcomes all these objectionable features. The teeth are made of the very best steel spring wire, and are so arranged that it is impossible for them to clog. They are more than twice the length and nearly one-half wider than the ordinary rake, and will therefore carry a much larger quantity of cut grass. The Champion will not rust, because all the iron work is galvanized. A glance at the illustration of this rake will show what a very desirable tool it is. You should have one, — it will please you. Price, 75 cents each.

## "Steel Armor Protected" Hose.

Patented Sept. 1, 1885.

"FOUR ACE." "GIANT."  
"GRANITE."  
"EDEN." "SHAWMUT."

The wire can be cut at any part, and it will not uncoil. It is impossible for the hose to kink or burst. Covering poor hose with wire does not make it good. The wire is worthless if the hose is poor. Good hose covered with wire is made very strong. I can supply any size wanted.  $\frac{3}{4}$  inch 3-ply Steel Armor Protected Hose, 20 cents per foot.

**RUBBER HOSE.**—The hose I offer is of the best manufacture. The different qualities are made to stand the different amounts of pressure.

For ordinary pressure. $\frac{1}{2}$ inch, 3-ply, extra quality, 11 cts.	For heavy pressure. $\frac{3}{4}$ inch, " " " " 13 " "	For extra heavy pressure. Best quality, 13 cts. per ft. " " " " 14 " " " 15 " " " " " " 16 " " " 18 " " " 20 " " " " " " 17 " " " 19 " " " 21 " " " " " " 18 " " " 20 " " " 22 " " " " " " 19 " " " 21 " " " 23 " " " " " " 20 " " " 22 " " " 24 " " " " " " 21 ## Specialties in Implements, Etc.

### The "Planet Jr." Garden Tools.

invented. We offer them for 1891 more perfect than ever. Our Special "Planet Jr." Catalogue, fully illustrating and describing the different sorts of work accomplished, free on application.

PRICE-LIST.		Manufacturer's Prices.	Net Cash Prices.
1891	Planet Jr. Horse Hoe, all improvements, with wheel	. . .	\$12.00
1891	" " " no wheel	. . .	10.25
1890	" " " complete, with wheel	. . .	11.25
1890	" " " no wheel	. . .	10.25
Planet Jr. Steel Standard Plain Cultivator, with wheel	. . .	8.00	6.00
" " " no wheel	. . .	7.00	5.00

### Canadian Unleached Wood Ashes.

Pure unleached wood ashes, such as I offer, are a valuable fertilizer, especially for grass lands. Per bbl. \$2.50.

Prices for larger quantities on application.

### Pure Peruvian Guano.

Valuable as a stimulant for growing plants, but not recommended as a permanent fertilizer. It must be used with care, and must not come in contact with growing plants when applied dry.

Price per lb. in lots of 5 lbs. or less, 10 cents; 100 lbs., \$4.50; 200 lbs., \$8.00.

## Horticultural Sundries.

### Garden Trowels.

**Solid Shank Forged Garden Trowels.**—These trowels are forged from steel specially made for the purpose, fully equal in all respects to the best English trowels, and are offered at a much less price, which brings them within the reach of all who desire a serviceable article. Three sizes. 6 inch, 40c.; 7 inch, 50c.; 8 inch, 60c. We also offer a cheaper grade in four sizes. 5 inch, 15c.; 6 inch, 20c.; 7 inch, 30c.; 8 inch, 35c.

### Grass Hooks or Sickles.

**English.**—No. 0, 50c.; No. 1, 60c.; No. 2, 70c.; No. 3, 80c.

**American.**—No. 2, 40c.; No. 3, 50c.

**T**HE Weeder is made with a band which passes over the back of the hand when in use, thus permitting the free use of the fingers to thin out plants or other weeds without the necessity of laying it down. It is small, very light, and so constructed that it gives a draw instead of a side cut. Neatly and strongly made, of the best steel, and very much liked by all who have used it. Price, postpaid, 30c. each.

### Spraying-Pump and Tub.

**I**F you would have clean, healthy, vigorous trees, producing fair fruit of first quality, you can only do so by carefully guarding against the destructive work of canker worms, gypsy moth, codding moth, etc., etc. Our illustration represents our portable garden force pump, which is for forcing liquids upon fruit trees, vines, shrubs, bushes, etc., for the destruction of all insects injurious to foliage and fruit. They are made of brass, which gives them a neat appearance, and which also renders them impervious to the action of acids, etc., and they will not rust nor corrode. With this pump there is no suction-hose, as the pump is placed directly in the water, thus always securing perfect suction. They are fitted with two nozzles,—one throwing a fine mist or spray, and the other a stream which will reach about thirty feet. The tub which we furnish with this pump is made expressly for the purpose. It will hold ten gallons, and is fitted with a close cover, thus making it safe to use for poisonous mixtures.

Price, complete, with three feet of one half inch hose, two nozzles, and tub with special poison mixture sufficient for twenty-five trees, \$8.00.

## Horticultural Sundries.

### Eddy's Farmer's Favorite Duster,

For applying Paris Green, Slug  
Shot, and other Insecticides  
in the Dry State.

**T**HIS implement we can confidently recommend to the public as the cheapest and best of its kind now on the market. The cut herewith shows the manner of using it. The long handle is not to be shaken or turned, but is merely to steady it, and to push the can out over the row when in use. The strap to go over the shoulder we do not furnish, as all farmers have them.

They are light, and can be sent cheaply by express. Price, \$1.50 each.

### Wire Poultry Netting

(No. 19 Wire — 2 inch Mesh)

Is rapidly coming into popular use as a support for Sweet Peas, Nasturtiums, and other climbing plants. I carry the following widths:

12, 18, 24, 30, 36, 42, 48, 60, and 72 inches.

Price per 100 square feet, \$1.00 net.

**Scollay's Elastic Plant Sprinkler, for the Window Garden, 1st size, \$1.00.**

**Greenhouse Fumigators, No. 1, \$3.50; No. 2, \$4.00; No. 3, \$4.50.**

**Garden Bellows, 50 cents to \$2.00 each.**

**Garden Syringes, \$1.50 to \$7.00 each.**

**ROFFIA.** Much superior to twine for garden use. Largely used by market gardeners for bunching vegetables. Per lb. 25 cents. Price for large lots on application.

*(I also carry heavier pots for florists and gardeners.)*

## Horticultural Sundries.

---

THE

# Flour of Tobacco and Sulphur

WILL prevent and cure mildew on grape vines and rose bushes.

It will destroy the green and black fly, grubs, cut worms, lice and the eggs of insects, mealy bug and the red spider, vine bugs of all kinds, and the tomato worm, rose slugs and currant worms, fleas, ticks and scabs, and parasites of all descriptions. It is not poisonous and has the double advantage of being a Fertilizer as well as an Insecticide. May be applied in powder or liquid form. If put on in powder, the foliage should be wet. If in liquid it should be dry. If convenient the plant may be bathed in the liquid. Apply by the hand, bellows, or vaporizer in other cases. Put it *dry* on the earth around the plant or vine, for the cut worm, or dig it in slightly.

Flour of Tobacco and Sulphur (or Pulverized) is designed as an insecticide, and has no equal for such purposes, but is made of same material as the Granulated, and consequently is equally as good a Fertilizer.

The finer grades of this preparation are sure death to all vermin.

Put it in your hen's nest and have no lice.

In your dog's kennel and have no fleas.

Under your carpets and have no moths.

On your sheep and have no ticks or scabs.

Put it around your water pipes, and roaches and water bugs will not trouble you.

Put your furs away in it and preserve them.

*Under the soil*, around your peach trees, it will cure the yellows and kill the grubs and let the tree live. *Earth worms will not live where this is used.*

Sulphur will prevent mildew, which is so destructive to growth and the full development of the lawn, plant, or vine. It is in its nature inert as a fertilizer, but it has great cleansing qualities, and is given to the human family to eradicate humors or other diseases. All vegetation is liable to disease and needs to be cared for. If you do nothing to assist nature, you can hardly expect she will do much for you.

**Price, Small package, 25 cts. . . . By mail, 35 cts.**

**Price, Large package, 50 cts. . . . By mail, 85 cts.**

### Insect Destroyers.

(Add 16 cents per lb. in all cases when ordered by mail.)

**SLUG SHOT.** As a general purpose insecticide, probably the best thing on the market. Either kills or drives away nearly all insects found on garden plants.

So far as known no evil results either to man or beast have ever resulted from its use. (Special circular on application.)

**Price, 5 lb. packages, 30 cents; 10 lb. packages, 50 cents.**

**Bulk lots by the barrel at special rates.**

**PERSIAN INSECT POWDER.** Destroys cabbage worms, ants, roaches, flies, etc.

**Price, small cans, 15 cents. By mail, 20 cents.**

**Price (bulk), one quarter lb., 25 cts.; one half lb., 50 cts.; 1 lb., 75 cts.**

**WHALE-OIL SOAP.** One of the most effective, simple, and cheapest preparations for the preservation of trees, plants, shrubs, vines, rose-bushes, and house and garden plants in general, from the ravages of slugs, worms, and various other insects that infest them. It is sold in the form of thick soap, to be diluted with water as required for use; quite weak for tender plants, and stronger according as the hardiness of the plants will permit. Price, half pound boxes, 10c. (by mail, 20c.); one pound boxes, 15c. (by mail, 30c.); three pound boxes, 35c. (by mail, 80c.); five pound boxes, 50c.; one hundred pound boxes, \$10.00. The first three sizes only are mailable. Directions for use with each package. Special prices will be given for large quantities.

**TOBACCO STEMS.** For fumigating; per bbl., \$1.00.

**HELLEBORE.** Particularly for rose slugs and currant worms.

**Price, one half lb., 15 cents; 1 lb., 30 cents.**

**PARIS GREEN—PURE.** This is an active poison and cannot be sent by mail.

**Price, one half lb., 15 cents; 1 lb., 25 cents.**

**MORRILL'S TREE INK, OR CANKER-WORM EXTERMINATOR.** A sure protection for fruit and ornamental trees from ravages of the grub and canker-worm. For prices, see body of this catalogue.

## Fertilizers.

# STURTEVANT'S Granulated Tobacco and Sulphur, FOR FERTILIZING AND OTHER PURPOSES.

MANUFACTURED expressly for Lawns, Flowering Plants, Gardens, and the Field; also for Trees, Shrubs, and Vines, and the destruction of insects and vermin. It is a perfect insecticide and fertilizer combined.

Tobacco as a fertilizer has been known for years, and its virtues are familiar to most people. Never before, however, has the crude stem been manufactured so it could be placed where most needed, and where it would do the most good.

As regards the use of stems upon lawns, it has been customary to spread them on the grass, let them remain through the winter (an unsightly object), and then rake them off in the spring. In this process all the good that is obtained is simply the leach, the mulch, which is the most essential, being removed. By being granulated the leach and mulch are both retained. Application may be made at any time when the frost is not in the ground, and the result will be almost immediate.

This being a vegetable product, and undecayed, decomposition must take place after application. Thus you have a gradual food for the grass or plant, tree, vine, or shrub, and this will continue until all is consumed.

Being odorless and clean, and without foreign seeds, it has no equal as a lawn dressing. It is convenient in form, easy of application, and will not burn or injure the lawn. For all garden or field purposes it stands at the head of all fertilizers in the market. It is less in cost, is double in bulk, and will do all work better. There is no vegetable which cannot be

## Fertilizers.

successfully grown by this product. For flowering plants of all descriptions there is nothing in the world that will produce such a fine growth and luxuriant flower. In flower beds or in potting plants the granulated tobacco stems, mixed with the soil in a proportion of about one part to five of soil, will produce lasting effects for the entire season.

Wherever you may use this fertilizer you will find the foliage of a dark-green color, and a healthy, vigorous growth.

In the heat of summer, when the moisture from the spring rains is gone, your lawn will become brown and almost bare. If then you apply a liberal quantity of our Tobacco and Sulphur Fertilizer, just before a shower, you will find the grass growing again in a very few days as bright and green as ever. As there is no odor to this Fertilizer, it may be kept in the cellar of the house or in the barn

any length of time without being offensive. No family should be without a barrel for immediate use when occasion requires. In a medium dry place it will keep for years and not deteriorate in value. Cut the lawn before application.

### Approximate Quantities to be Used.

For Lawns and Grass Lands, for say 2,000 square feet, 100 pounds. Per acre, 1,000 to 2,000 pounds. Half a pint in a hill of potatoes or corn. This Fertilizer will destroy all grubs that infest potatoes, and produce a larger and more rapid growth than any fertilizer in the market.

### PRICE.

Granulated, Barrels of 200 pounds . . . . .	\$5.00

Mass., where Bowker's Fertilizers are used extensively.

## Bowker's Special Fertilizers.

FOR

### Greenhouse and Conservatory.

Bowker's Ammoniated Food for Flowers has been successfully used for years by ladies and florists. Circular free. Prof. Maynard's treatise "*Window Gardening*" free with each package. See advertisement on opposite page.

### The Lawn.

Bowker's Lawn Dressing is used every year on the public squares in large cities, and by experienced gardeners on private lawns. It produces a luxuriant growth of rich green grass, and makes a velvety lawn that is a thing of beauty. Mr. William Doogue, Superintendent of the Boston public parks, writes: "I have used your Lawn and Garden Dressing, and found it very beneficial, and cheerfully recommend it." Send for a circular, sent free.

### Garden and Field.

The Stockbridge Special Complete Manures, originated by Prof. Levi Stockbridge of the Mass. Agricultural College, in 1876, were the first special manures sold, and though extensively copied, have never been equalled in crop producing power. Pamphlet free.
